- Working pressure up to 500 PSI

Descripción general del producto: Trampa de suciedad y líquidos Fluke 71XTrap para las herramientas 718 y 719Pro

The Fluke 71XTrap Liquid and Dirt Trap is designed to reduce the transfer of dirt and moisture from a device under test to a pressure calibrator with a built-in pump. It provides an essential protective barrier for calibrator pumps and is compatible with the Fluke 718, 718EX, 719, 719PRO and 729 Pressure Calibrators.
