

Datos técnicos

9190-INSTC | TC insert, 9190A, RADIAL GROOVES, WITH INSULATOR

Descripción general del producto: 9190-INSTC | TC insert, 9190A, RADIAL GROOVES, WITH INSULATOR

This insert is designed for use with the 9190A Ultra-Cool Field Metrology Well.

This insert is designed for bare/open tip wire style sensors. Each slot accepts most standard wire gauge sensors. This helps to maximize the quantity of sensors being tested and improves your testing by providing a dedicated radial groove for each sensor. Two 1/4 inch reference holes are also provided. An insulator plug is also included and helps to keep moisture out and the coolness in well. The insulator plug also includes plugged holes for the reference holes.

Especificaciones: 9190-INSTC | TC insert, 9190A, RADIAL GROOVES, WITH INSULATOR

Holes: 1/4 in (2), outer radial grooves (16)
