

Technische gegevens

# 3990 Manual Pressure Control Packs

## Belangrijkste kenmerken

- Fine adjustment increments as small as 0.00025 psi.
- 1000 and 3000 psi models offer absolute and negative gauge modes.
- Vent valve allows for easy pressure release to the atmosphere.
- Equipped with 1/4 inch NPT connections for ease of use.

## Productoverzicht: 3990 Manual Pressure Control Packs

The Series 3990 Manual Pressure Control Pack provides a convenient means of manually adjusting pressure to both the device under test and a calibration standard such as a gas piston gauge or digital pressure indicator.

The two models available are with full scales of 7 MPa (1000 psi) and 20 MPa (3000 psi).

- Self-contained for ease-of-use
- Includes precision adjustor to allow increments as fine as 0.00025 psi
- 1000 and 3000 psi models also provide absolute and negative gauge mode
- Includes metering valve for fine control
- Vent valve provides easy means to vent pressure to atmosphere
- Convenient 1/4 inch NPT connections

## Specificaties: 3990 Manual Pressure Control Packs
